

DB Schenker Express General Information for the Logistics World

048/2009

(07/30/2009)

1. Nigeria

The recent attacks on the fuel reservoirs of Nigeria have (amongst other things) created a fuel shortage which led to increased costs for airfreight in/out of Nigeria. In addition, the prioritization in fuel distribution causes delays and backlogs. Further information can be found on our corporate intranet: http://intra.schenker.com/subpages/departments/partnersDelegates/Sub-Saharan_Africa/Nigeria.html and/or can be obtained directly from our partner Vitesse Freight: info@vitessefreight.com
